

# PATRIOT BATTERY METALS INC.

# **MANAGEMENT'S DISCUSSION AND ANALYSIS**

As at and for the Year Ended March 31, 2023

TSXV: PMET - ASX: PMT - OTCQX: PMETF

# 1. OVERVIEW

The following is a Management's Discussion and Analysis ("MD&A") of Patriot Battery Metals Inc. (the "Company" or "Patriot"), prepared as of June 29, 2023.

This MD&A should be read in conjunction with the consolidated financial statements for the year ended March 31, 2023, and related notes thereto (the "Financial Statements"), which have been prepared in accordance with International Financial Reporting Standards ("IFRS"), a copy of which is filed on the SEDAR at <u>www.sedar.com</u> and on the ASX at <u>www.asx.com.au</u>.

For the purposes of preparing this MD&A, management, in conjunction with the board of directors (the "Board of Directors"), considers the materiality of information. Information is considered material if: (i) such information results in, or would reasonably be expected to result in, a significant change in the market price or value of the Company's common shares; or (ii) there is a substantial likelihood that a reasonable investor would consider it important in making an investment decision; or (iii) if it would significantly alter the existing information available to investors. Management, in conjunction with the Board of Directors, evaluates materiality with reference to all relevant circumstances, including potential market sensitivity.

Unless otherwise indicated, all references to "\$" or "C\$" in this MD&A are to Canadian dollars. References to "US\$" in this MD&A are to US dollars and references to A\$ in this MD&A are to Australian dollars.

# 2. CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This MD&A contains "forward-looking information" or "forward-looking statements" within the meaning of applicable securities laws. Forward-looking statements are included to provide information about management's current expectations and plans that allows investors and others to have a better understanding of the Company's business plans and financial performance and condition.

All statements, other than statements of historical fact included in this MD&A, regarding the Company's strategy, future operations, financial position, prospects, plans and objectives of management are forward-looking statements. Forward-looking statements are typically identified by words such as "plan", "expect", "estimate", "intend", "anticipate", "believe", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. In particular and without limitation, this MD&A contains forward-looking statements pertaining to the Company's intentions with respect to its business and operations; the Company's expectations regarding its ability to raise capital and grow its business; the Company's growth strategy and opportunities; anticipated trends and challenges in the Company's business and the industry in which it operates; the perceived merit and further potential of the Company's properties; preliminary economic assessments and other development study results; exploration results at the Company's properties; budgets; strategic plans; market price and demand for lithium; permitting or other timelines; government regulations and relations.

Forward-looking information is based upon certain assumptions and other important factors that, if untrue, could cause the actual results, performance or achievements of the Company to be materially different from future results, performance or achievements expressed or implied by such information or statements. There can be no assurance that such information or statements will prove to be accurate. Key assumptions upon which the Company's forward-looking information is based include the Company's ability to raise additional financing when needed and on reasonable terms; the Company's properties; the Company's expectation that the current price and demand for lithium and other commodities will be sustained or will improve; the Company's ability to obtain requisite licences and necessary governmental approvals; the Company's ability to attract and retain key personnel;

general business and economic conditions and conditions, including competitive conditions, in the market in which the Company operates.

Readers are cautioned that the foregoing list is not exhaustive of all factors and assumptions which may have been used. Forward-looking statements are also subject to risks and uncertainties facing the Company's business, any of which could have a material adverse effect on the Company's business, financial condition, results of operations and growth prospects. Some of the risks the Company faces and the uncertainties that could cause actual results to differ materially from those expressed in the forward-looking statements include the Company's ability to generate revenue and future capital requirements; the Company's profitability in the short or medium term; mineral resource estimation risks; exploration, development and operating risks and costs; the Company's dependence upon the Corvette Property ("the Corvette Property"); the titles to the Company's mineral properties being challenged or impugned; the Company receiving and maintaining licences and permits from appropriate governmental authorities; environmental and safety regulations; land access risk; access to sufficient used and new equipment; maintenance of equipment; the Company's reliance on key personnel; the Company's reliance on key business relationships; the Company's growth strategy; the Company's ability to obtain insurance; occupational health and safety risks; adverse publicity risks; third party risks; disruptions to the Company's business operations; the Company's reliance on technology and information systems; litigation risks; tax risks; unforeseen expenses; public health crises; climate change; general economic conditions; commodity prices and exchange rate risks; lithium demand; volatility of share price; public company obligations; competition risk; dividend policy; policies and legislation; force majeure; and changes in technology.

Although the Company believes its expectations are based upon reasonable assumptions and has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. As such, these risks are not exhaustive; however, they should be considered carefully. If any of these risks or uncertainties materialize, actual results may vary materially from those anticipated in the forward-looking statements found herein. Due to the risks, uncertainties and assumptions inherent in forward-looking statements, readers should not place undue reliance on forward-looking statements.

Forward-looking statements contained herein are presented for the purpose of assisting investors in understanding the Company's expected financial and operational performance and results as at and for the periods ended on the dates presented in the Company's plans and objectives and may not be appropriate for other purposes. The assumptions referred to above and described in greater detail in the "Risk Factors" section of this MD&A should be considered carefully by readers.

The Company disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except to the extent required by applicable law. The Company qualifies all of its forward-looking statements by these cautionary statements.

# 3. NATURE OF BUSINESS

The Company was incorporated on May 10, 2007, under the British Columbia *Business Corporations Act.* The Company is domiciled in Canada and is a reporting issuer in British Columbia, Alberta and Ontario. See the section on *Liquidity and Capital Resources*. The address of its head office is Suite 700-838 W Hastings Street, Vancouver, British Columbia, V6C 0A6 and the address of its registered and records office is Suite 2501, 550 Burrard Street, Vancouver, British Columbia, V6C 2B5.

The Company is a hard-rock lithium exploration company. The principal business of the Company is the identification, evaluation and acquisition of exploration and evaluation properties located in Quebec, British Columbia, the Northwest Territories, and Idaho, USA, and exploration of those properties once acquired. As at the date hereof, the Company has not yet determined whether any properties contain ore reserves that are economically recoverable, but it is particularly focused on advancing its district-scale discovery at the Corvette Property located in the Eeyou Istchee James Bay region of Quebec, Canada. The Corvette Property is potentially one of the largest and highest-grade hard rock lithium projects being explored, with over 50 kilometres of strike length over a 214 square kilometre land package and more than 70 lithium bearing pegmatite outcrops identified to date.

The recoverability of amounts shown for exploration and mineral properties is dependent upon the discovery of economically recoverable reserves, confirmation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain the necessary financing to complete the development of and future profitable production from the properties or realizing proceeds from their disposition.

The Company holds several other non-core assets located in British Columbia, Quebec, Idaho and the Northwest Territories, which are considered prospective for lithium, copper, gold and silica.

The common shares of the Company are listed and posted for trading on the TSX-V under the symbol "PMET", on the ASX under the symbol "PMT" and are traded on the OTC Market in the United States under the symbol "PMETF" and on the Börse Frankfurt (Frankfurt Stock Exchange) in Germany under the symbol "R9GA".

For further information regarding the Company and its material mineral projects, in addition to what is provided in this MD&A, please refer to the Company's Annual Information Form for the year ended March 31, 2023, dated as of June 29, 2023 (**\*AIF**<sup>\*</sup>), available on SEDAR at www.sedar.com

# FISCAL YEAR ENDED MARCH 31, 2023 HIGHLIGHTS

# Exploration Program (April 1, 2022 through March 31, 2023)

- Completion of a drilling program totalling 49,259 metres over 148 holes;
- Extension of the CV5 spodumene pegmatite to 3.15 km;
- Discovery of a high-grade zone (the "Nova Zone") at CV5;
- Discovery and initial drill testing of new spodumene-bearing pegmatite cluster (CV13) located ~4.3 km along geological trend of CV5.

# **Drilling Highlights**

The following includes drilling results obtained by the Company following the completion of the drilling performed in the fiscal year ended March 31, 2023, broken down as follows:

Three months ended March 31, 2023:

At the CV5 Pegmatite

- 156.9 m at 2.12% Li<sub>2</sub>O (176.4 m to 333.4 m), including 25.0 m at 5.04% Li<sub>2</sub>O or 5.0 m at 6.36% Li<sub>2</sub>O (CV22-083);
- 83.7 m at 3.13% Li2O (222.7 m to 306.4 m), including 19.8 m at 5.28% Li2O and 5.1 m at 5.17% Li2O (CV23-105);
- 52.2 m at 3.34% Li2O (219.1 m to 271.2 m), including 15.0 m at 5.10% Li2O (CV22-093);
- 131.2 m at 1.96% Li2O (250.8 m to 382.0 m), including 57.0 m at 2.97% Li2O (CV22-100);
- 132.2 m at 1.22% Li2O (274.1 m to 406.3 m), including 11.2 m at 2.99% Li2O and 6.0 m at 2.92% Li2O (CV23-106).

### At the CV13 Pegmatite

- 22.6 m at 1.56% Li2O (29.3 m to 51.9 m), including 6.0 m at 3.19% Li2O (CV22-092);
- 22.4 m at 1.28% Li2O (3.1 m to 25.5 m) (CV22-077) collared in lithium pegmatite;
- 15.6 m at 1.50% Li2O (2.8 m to 18.3 m) (CV22-081) collared in lithium pegmatite;
- 18.8 m at 1.01% Li2O (23.8 m to 42.6 m), including 4.0 m at 2.37% Li2O (CV22-103);
- 17.3 m at 1.41% Li2O (20.6 m to 37.9 m), including 8.0 m at 2.09% Li2O (CV22-104).

#### Three months ended December 31, 2022:

#### At the CV5 Pegmatite

- 113.4 m at 1.61% Li2O (162.1 m to 275.5 m), including 38.0 m at 2.17% Li2O (CV22-066);
- 60.0 m at 1.52% Li2O (25.3 m to 85.3 m), including 18.0 m at 2.16% Li2O (CV22-062);
- 119.1 m at 0.89% Li2O (57.3 m to 176.4 m), including 19.0 m at 2.05% Li2O, and 15.0 m at 1.72% Li2O (304.9 m 319.9) (CV22-059);
- 42.2 m at 1.52% Li2O (77.4 m to 119.5 m), 17.8 m at 2.53% Li2O (160.5 m to 178.3 m) 29.1 m at 1.21% Li2O (183.4 m to 212.5 m), and 10.9 m at 1.18% Li2O (220.2 m to 231.1 m) (CV22-064);
- 104.5 m at 0.97% Li2O (124.7 m to 229.3 m), including 51.9 m at 1.52% Li2O (CV22-052).

#### Three months ended September 30, 2022:

#### At the CV5 Pegmatite

- 159.7 m at 1.65% Li2O, including 9.0 m at 4.12% Li2O (CV22-042);
- 86.2 m at 2.13% Li2O, including 18.0 m at 3.07% Li2O (CV22-044);
- 96.9 m at 1.25% Li2O, including 27.0 m at 2.53% Li2O (CV22-035);

• 27.0 m at 1.38% Li2O, including 7.3 m at 2.00% Li2O (CV22-036).

# Three months ended June 30, 2022:

At the CV5 Pegmatite

- 152.8 m at 1.22% Li2O, including 66.0 m at 1.51% Li2O (CV22-030);
- 70.1 m at 2.22% Li2O, including 40.7 m at 3.01% Li<sub>2</sub>O (CV22-017);
- 84.0 m at 1.45% Li2O, including 9.0 m at 3.62% Li2O (CV22-028);
- 61.3 m at 1.17% Li2O, including 10.2 m at 2.76% Li2O (CV22-025);
- 65.7 m at 0.95% Li2O, including 26.6 m at 1.39% Li2O (CV22-027).

Please refer to the Company's continuous disclosure, including news releases disclosing drilling data subsequent to the end of the fiscal year ended March 31, 2023, available on SEDAR at www.sedar.com and on the ASX at www.asx.com.au for more information.

### **Corvette Project Development Progress**

- Successful completion of a Dense Media Separation ("DMS") and magnetic separation test on material from the CV5 Pegmatite. The test produced a spodumene concentrate of 5.8% Li<sub>2</sub>O at 79% recovery and an Fe2O3 grade of 0.60%. The results affirm the results of the previous Heavy Liquid Separation ("HLS") tests and indicate a strong potential for a DMS driven flowsheet without the need of flotation;
- Selection of BBA Inc. ("BBA"), a multi-disciplinary engineering and project development group, to complete an inaugural mineral resource estimate at the CV5 Pegmatite as well as carry-out development studies for the Corvette property;
- Advancement of the environmental baseline data collection including a large mammal survey and winter bird survey;
- Progression of the hydrogeological drill program to determine a hydrogeological model for the envisioned open-pit at CV5 in support of advancing the pre-feasibility study.

# Financing

- Completion of a private placement of 2,215,134 charity flow-through ("FT") common shares (the "FT#23 Shares") at a price of \$22.572 per FT Share for aggregate gross proceeds of \$50,000,000 (the "FT#23 Offering");
- Completion of a private placement of 1,507,170 charity flow-through common shares (the "FT#22 Shares") at a price of \$13.27 per FT Share for aggregate gross proceeds of \$20,000,145.90 (the "FT#22 Offering");
- Initial public offering on the ASX of 7,000,000 CHESS Depository Interest (each, a "CDI") at a price per CDI of A\$0.60 for gross proceeds of A\$4,200,000. Each 10 CDIs represents one fully paid common share for a total of 700,000 underlying common shares, resulting in an issue price per common share of A\$6.00.

Proceeds from the FT financings are used to fund the exploration activities on the Company's Corvette Property, while the proceeds for the ASX offering are for general corporate purposes.

# Corporate

- Strengthening of the management team and the Board of Directors :
  - o Ken Brinsden was appointed Non-Executive Chairman and director of the Company;
  - Brian Jennings and Mélissa Desrochers joined the Board of Directors, while Adrian Lamoureux and Jon Christian Evensen resigned as directors;
  - Natacha Garoute, LLB, CPA was appointed to the position of CFO; Dusan Berka resigned as CFO but remained on the Board of Directors;
  - Alix Drapack, P.Eng., MBA, ICD.D in the role of Vice President Environment, Social and Governance (ESG);
- Subsequent to March 31, 2023:
  - Greg Barfoot, MBA, M. Eng., was appointed Vice President Project Development;
  - Pierre Boivin joined the Board of Directors, while Mr. Dusan Berka resigned as director.
  - The Company issued 3,141,916 common shares for warrants exercised and 207,000 for common shares for options exercised.
  - On June 29, 2023, the Company granted an aggregate of 48,002 restricted share units (the "RSUs") and 48,002 performance share units (the "PSUs") to employees and consultants of the Company. All were granted in accordance with the Company's Omnibus Equity Incentive Plan. 100% of the RSUs will vest on the date which is three years from their date of grant. Up to 72,003 common shares are issuable pursuant to the vesting of the PSUs upon the achievement of certain performance milestones by the Company.

#### Company's Outlook for the Financial Year Ending March 31, 2024

- Calendar Q2-2023: The Company plans to release its initial mineral resource estimate for the CV5 Pegmatite;
- Calendar Q3-2023: The Company intends to apply to graduate to the Toronto Stock Exchange (TSX), which application is subject to the TSX's approval and fulfilment of all applicable listing requirements;
- Calendar Q4-2023: The Company anticipates that it will have advanced its prefeasibilityrelated studies, which are subject to drilling progress through winter and summer/fall drill program.

# 4. MINERAL PROPERTY INTERESTS

The Company's exploration and evaluation properties expenditures for the fiscal year ended March 31, 2023 are as follows:

	Corvette	Freeman	Pontois	Hidden	Pontax	Lac Du Beryl	Eastmain

# 4.1. Corvette Property (Lithium, Tantalum) – James Bay Region, Quebec, Canada

The Corvette Property is currently comprised of 417 map designated mineral claims ("CDC ") that cover an area of approximately 21,357 hectares. The property is further divided into claim blocks, which reflect the various claim acquisitions by the Company – Corvette Main (172 claims), Corvette East (83 claims), FCI East (28 claims), FCI West (83 claims), Deca-Goose (31 claims) and Felix (20 claims) – and collectively form one contiguous land package, apart from four claims of the Felix block located approximately 1 km west of the mainland package. The Company is recorded as the registered title holder for all 417 claims and holds 100% interest in each.

### Acquisitions and Royalty Obligations

The Corvette Property is subject to various royalty obligations pursuant to the claim acquisition agreement for each respective claim block that comprises the property. Of the 417 claims that comprise the Corvette Property, 237 are subject to a Net Smelter Return ("NSR") royalty, which are set out below.

#### Corvette Main Block:

The Corvette Property Main block consists of 172 mineral claims on the Eastmain property (the "Eastmain Property"), the Lac Du Beryl property (the "Lac Du Beryl Property"), and the original Corvette claim block. 76 of the 172 mineral claims are subject to a 2% NSR royalty held by DG Resource Management Ltd, a private company. There is no buy-back provision.

#### FCI East and FCI West Claim Blocks ("FCI Claims"):

The FCI Claims are comprised of two neighboring claim blocks (FCI East and FCI West) for a combined total of 111 claims, totalling 5,688 hectares.

All 111 claims are subject to a 1.5% to 3.5% sliding scale NSR royalty (held by Osisko Gold Royalties Ltd.), which is dependent on commodity type and level of production. The royalty is primarily based on the amount of production with 1.5% on the first 1M ounces of gold, 2.5% on the next 1M ounces of gold and 3.0% on the next 1M ounces of gold and above. The remaining 0.5% royalty is based on the spot gold price starting at US\$1,000 / ounce and reaches the maximum at US\$2,000 / ounce. A 2.0% NSR royalty (held by Osisko Gold Royalties Ltd.) is present on all other products; provided, however, that if there is an existing royalty applicable on any portion of the Corvette Property, then the percentages noted above (i.e., the sliding scale NSR) shall, as applicable, be adjusted so that the aggregate maximum royalty percentage shall not exceed and be capped to 3.5% at any time. There is no buy-back provision for the NSR royalty on the FCI claims.

On February 15, 2022, the Company consolidated its land position at Corvette Property through multiple acquisitions as well as direct staking. Specifically, the Company signed a purchase agreement with O3 Mining Inc. to achieve 100% ownership of the FCI Claims in consideration of an additional cash payment of \$3,000,000 and issuance of a total of 1,800,000 common shares (issued at \$0.64 per share) of the Company to O3 Mining. The existing NSR on FCI Claims outlined above remained in place.

#### Deca-Goose and Felix Claim Blocks

On February 17, 2022, the Company also purchased a 100% interest in the Deca-Goose and Felix claim blocks (50 of 51 claims), totalling 2,562 hectares situated contiguous to the Company's Corvette Property, for a \$150,000 cash payment and issuance of a total of 1,800,000 common shares (issued \$0.64 per share) to Canadian Mining House ("CMH"), a private Québec-based company. 50 of 51 claims are subject to a 2% NSR royalty held by CMH, of which the Company retains the option of buying back one-half (50%) of the NSR royalty for \$2,000,000.

#### 4.2. Freeman Creek Property (Gold) – Idaho, USA

The Freeman Creek property (the "Freeman Creek Property") is located approximately 15 km northeast of Salmon, Idaho, USA and is accessible via paved highway and a network of gravel roads and trails. The property hosts two major advanced targets; the Gold Dyke prospect, with a historical drill intercept of 1.5 g/t Au and 12.1 g/t Ag over 44.2 m, and the Carmen Creek prospect, with a historical outcrop sample assay of 14.15 g/t Au, 63 g/t Ag, and 1.2% Cu.

In the event that a gold equivalent resource of more than 1 million ounces is outlined within a resource estimate on the Freeman Creek Property disclosed in accordance with National Instrument 43-101 – *Standards of Disclosure for Mineral Projects* ("**NI 43-101**"), the Company shall pay \$1,000,000 to the vendors, in shares or cash or a combination of both, at the Company's discretion. In the case of a share issuance, the issue price shares shall be determined based on the average market price of the previous 30 trading days preceding the share issuance.

The vendors shall retain a 2.5% NSR royalty on the property, of which the Company shall have the right to purchase at any time half (1.25%) for \$1,500,000.

The Company subsequently staked additional claims with the Freeman Creek Property now currently comprised of 106 claims totalling 886.2 hectares.

#### 4.3. Pontois Property (Lithium, Gold) – James Bay Region, Québec, Canada

The Company increased its land position in the La Grande Greenstone Belt through the acquisition of a 100% interest in the Pontois property (the "Pontois Property"), a block of 31 contiguous claims (1,587.2 hectares). The Pontois Property is located approximately 10.5 km directly west of the Company's Corvette Property and adds an additional 8.3 km of highly prospective lithium pegmatite trend, which is host to the same regional rock suite as the CV lithium trend on the Corvette property.

On September 7, 2022, the Company entered into an acquisition agreement with, *inter alios*, Les Explorations Carat Inc. to acquire a 100% interest in the Pontois Property. The Company paid \$100,000 in cash and issued 220,000 common shares of the Company at a deemed price of \$6.61 per common share (totalling \$1,454,000) for a total consideration of \$1,554,000.

Pursuant to the Property Acquisition Agreement dated September 7, 2022, the Pontois Property is subject to a 2% NSR royalty which has a 50% buy-back option by the Company for \$1,000,000.

#### 4.4 Hidden Lake Property (Lithium) – Northwest Territories, Canada

The Hidden Lake property (the "Hidden Lake Property") is located 45 km east of Yellowknife, in the Northwest Territories, proximal to Highway 4, and consists of 5 contiguous claims totalling 1,660 hectares. The property covers portions of the Yellowknife Lithium Pegmatite Belt and is host to numerous spodumene-bearing pegmatite occurrences. In March 2018, the Hidden Lake Property was optioned to Far Resources Ltd. ("Far Resources"), which subsequently restructured as Foremost Lithium Resources & Technology Ltd. The Company currently maintains a 40% interest in the Hidden Lake Property and the remaining 60% interest is held by Far Resources. To establish a formal 60/40 Joint Venture Agreement ("JV") Far Resources is responsible for financing the JV's initial \$1 million of expenditures.

Hidden Lake is subject to a 2% NSR with respect to the production of all material from the Hidden Lake Property with no buy-back option.

#### 4.5 Pontax Property (Lithium, Gold) – James Bay Region, Québec, Canada

The Company owns 100% interest in the Pontax property (the "Pontax Property"), which is located near Eastmain, Québec. The Pontax Property currently consists of 80 claims totalling 4,257.2 hectares over several non-contiguous claim blocks. All claims are registered.

Pursuant to the Pontax Property purchase agreement dated July 25, 2016, Pontax is subject to a 3% NSR.

The Company had the option to purchase up to 50% of the NSR within five years of regulatory approval, obtained on September 20, 2016, by paying \$2,000,000 to an arm's length party. The Company did not exercise this option.

#### 4.6 Lac du Beryl Property (Lithium, Gold) – James Bay Region, Québec, Canada

The Lac du Beryl Property was preliminarily assessed in 2017/2018 by the Company using a surface prospecting reconnaissance approach with pegmatite confirmed present on the property, although not spodumene bearing. Areas of the Lac du Beryl Property remain to be assessed for the presence of spodumene pegmatite. The Lac du Beryl Property is currently comprised of the original 18 claim blocks totalling 952.9 hectares.

Pursuant to the property purchase agreement dated September 18, 2017 the Company acquired from third-party vendors 100% interest in the minerals claims. The Lac du Beryl Property is subject to a 2% NSR with respect to the production of all materials from the property.

# 5 EXPLORATION ACTIVITIES

#### 5.1 <u>Corvette Property (Lithium, Tantalum) – James Bay Region, Québec, Canada</u>

On March 29, 2023, the Company announced core assays for 16 holes completed as part of the 2023 winter drill program. The drill holes target the eastward extension of the high-grade Nova Zone and successfully extended it along strike by approximately 400 m. Drill hole intersection highlights include 83.7 m at 3.13% Li<sub>2</sub>O, including 19.8 m at 5.28% and 5.1 m at 5.17% (CV22-105), 132.2 m at 1.22% Li<sub>2</sub>O, including 11.2 m at 2.99% (CV23-106), 65.4 m at 1.30% Li<sub>2</sub>O, including 37.1 m at 2.09% Li<sub>2</sub>O or 3.0 m at 5.43% Li<sub>2</sub>O (CV23-107), and 54.0 m at 1.55% Li<sub>2</sub>O, including 26.6 m at 2.44% Li<sub>2</sub>O or 5.0 m at 4.30% Li<sub>2</sub>O (CV23-108).

On February 13, 2023, the Company announced core assay results from its 2022 initial drill testing of the CV13 Pegmatite cluster. Highlights include 22.6 m at 1.56% Li<sub>2</sub>O (CV22-092), 22.4 m at 1.28% Li<sub>2</sub>O (CV22-077), and 17.3 m at 1.41% Li<sub>2</sub>O (CV22-104). Based on the surface mapping and drilling completed to date, the CV13 Pegmatite cluster is characterized by two, shallow to moderately dipping, sub-parallel trending Li-Cs-Ta pegmatite bodies, which have been intersected in multiple drill holes along the overall 2.3 km trend.

On February 5, 2023, the Company announced an extension of the CV5 Pegmatite by an additional 400 m, for a combined lateral distance of 2.6 km. On March 23, 2023, the Company announced a further extension of 550 m, for a combined lateral distance of 3.15 km for the CV5 Pegmatite.

On January 18 and 29, 2023, the Company announced core assay results for the remaining drill holes completed at the CV5 Pegmatite from its 2022 drill campaign. Highlights include 156.9 m at 2.12% Li2O, including 25.0 m at 5.04% Li<sub>2</sub>O (CV22-083), 52.2 m at 3.34% Li<sub>2</sub>O, including 15.0 m at 5.10% Li<sub>2</sub>O (CV22-093), and 131.2 m at 1.96% Li<sub>2</sub>O, including 57.0 m at 2.97% Li<sub>2</sub>O (CV22-100). These holes define further delineate the high-grade Nova Zone, previously identified in drill holes CV22-017, 042, 066, and 083.

On December 13, 2022, the Company announced core assay results for 12 holes (CV22-046, 055, and 057 through 066) from the 2022 summer drill program. Highlights include 113.4 m of 1.61% Li<sub>2</sub>O (CV22-066), 60.0 m at 1.52% Li<sub>2</sub>O (CV22-062), 119.1 m at 0.89% Li<sub>2</sub>O (CV22059), and 42.2 m at 1.52% Li<sub>2</sub>O (CV322-064). Strong tantalum grades continued to be intersected including 18.0 m at 316 ppm Ta<sub>2</sub>O<sub>5</sub> (and 2.16% Li<sub>2</sub>O) (CV22-062) and 42.2 m at 300 ppm Ta<sub>2</sub>O<sub>5</sub> (and 1.52% Li<sub>2</sub>O) (CV22-064)

On November 2, 2022, the Company announced the final hole of the 2022 drill program at the Corvette Property had been completed, for a total of 26,598 m over 90 holes (CV22-015 through CV22-104), including 4,345 m over 20 holes (winter/spring) and 22,253 m over 70 holes (summer/fall).

On October 12, 2022, the Company announced core assay results for 12 drill holes (CV22-040, 041, 045, 047 through 054 and 056). Highlights include 0.97% Li<sub>2</sub>O over 104.5 m (CV22-052) and 1.42% Li<sub>2</sub>O over 61.9 m (CV22-040). The drilling further extended the CV5 Pegmatite along strike to 2,200 m, remaining open at both ends. Additionally, drilling outlined several secondary and subparallel trending pegmatite lenses, the largest of which was first discovered in drill hole CV22-040 (at the west end of the drill area) with an unexpected intersection of 1.01 % Li<sub>2</sub>O over 52 m (311.0 m 363 m). It has been traced for approximately 700 m in strike length and remains open, pinching and swelling laterally and to depth, ranging in width from less than 5 m to approximately 68 m (core length)

On September 19, 2022, the Company announced that its first drill hole to test the CV13 pegmatite cluster (CV22-077) collared in spodumene pegmatite to a depth of 25.5 m. A preliminary core review indicated a similar mineralization style to the CV5 Pegmatite. Additionally, drilling at the CV5 Pegmatite corridor further extended the strike of the mineralized body to 2,100 m, remaining open at both ends, and a 1.8 m spodumene crystal was intersected in drill hole CV22-066.

On August 31, 2022, the Company announced a drill intercept at Corvette at 1.65% Li<sub>2</sub>O and 193 ppm  $Ta_2O_5$  over 159.7 m (drill hole CV22-043). The drilling also extended the strike length of the CV5 Pegmatite to at least 2,000 m, spanning laterally from drill hole CF21-004 through CV22-063/CV22-066.

On August 10, 2022, the Company announced the discovery of a new spodumene-bearing pegmatite cluster (CV13) located approximately 4.3 km along the geological trend of the CV5-1 Pegmatite cluster and approximately 1.9 km along the geological trend of the CV8 pegmatites.

The CV13 cluster is characterized by a total of 31 spodumene-bearing pegmatite outcrops extending over two contiguous trends, totalling approximately 2.3 km in combined strike length. The average lithium grade over thirty-two (32) pegmatite grab/chip samples analyzed at the time was 0.98% Li<sub>2</sub>O, to a maximum of 3.73% Li<sub>2</sub>O.

On August 4, 2022, the Company announced preliminary metallurgical results on a 225 kg drill core composite sample collected from the CV5 spodumene pegmatite (CF21-001 and 002). Preliminary HLS at two different crush sizes supports a potential flowsheet using DMS process followed by magnetic separation to produce a 6+% Li<sub>2</sub>O spodumene concentrate. A DMS process test run was performed to confirm the applicability of DMS to the flowsheet and is targeted to produced over 20 kg of marketable spodumene concentrate.

On July 28, 2022, the Company announced results from the first two drill holes of its summer program. Results included 1.25% Li<sub>2</sub>O and 118 ppm Ta<sub>2</sub>O<sub>5</sub> over 96.9 m, including 2.53% Li<sub>2</sub>O and 130 ppm Ta<sub>2</sub>O<sub>5</sub> over 27.0 m (CV22-035), 1.38% Li<sub>2</sub>O and 99 ppm Ta<sub>2</sub>O<sub>5</sub> over 27.0 m, and 2.00% Li<sub>2</sub>O and 167 ppm Ta<sub>2</sub>O<sub>5</sub> over 7.3 m (CV22-036). Additionally, the Company announced that the main pegmatite body was traced through drilling over a distance of approximately 1.9 km and remained open.

On June 29, 2022, the Company announced that it had completed nine drill holes to date from its 2022 summer drill program. Drill holes CV22-036, 038, 040 and 043 targeted the interpreted pegmatite extension between the CV5 and CV6 Pegmatite outcrops with each intersecting spodumene-bearing pegmatite. Drill holes CV22-035, 037, 039, 041 and 042 targeted the eastern portion of the drill area, proximal to the CV1 Pegmatite outcrop and drill hole CV22-017, each intersecting varying intervals of spodumene pegmatite. Also announced was the discovery of several spodumene outcrops proximal to the CV5 Pegmatite outcrop and the CV3 Pegmatite outcrop.

On June 7, 2022, the Company announced that preliminary mineralogy on coarse core analytical reject material indicated that spodumene was the dominant lithium-bearing mineral encountered in the drilled pegmatite to date. Additionally, tantalite had been identified as the dominant tantalum bearing minerals. The Company also announced that a preliminary mineral processing program had been initiated at SGS Canada in Lakefield, Ontario. The primary objective was to develop a preliminary flowsheet to produce spodumene concentrate – grading >6% Li<sub>2</sub>O – at high recovery.

On June 2, 2022, the Company announced the commencement of the summer phase of its 2022 drill campaign. The summer/fall phase of drilling was anticipated to include at least 15,000 m of additional coring and focused on continued land-based infill and step-out holes at the CV5 Pegmatite cluster, as well as testing new regional targets. The Company added a third drill rig to the program, as well as a lake barge, which allowed continued focus on delineating the main pegmatite body beneath the shallow glacial lake between the CV5 and CV1 pegmatites outcrops.

On May 24, June 13, and June 23, 2022, the Company announced all remaining core assay results from drill holes completed during the 2022 winter drill program. Results included 1.22% Li<sub>2</sub>O and 138 ppm Ta<sub>2</sub>O<sub>5</sub> over 152.8 m, including 1.51% Li<sub>2</sub>O and 100 ppm Ta<sub>2</sub>O<sub>5</sub> over 66.0 m (CV22-030), 2.22% Li<sub>2</sub>O and 147 ppm Ta<sub>2</sub>O<sub>5</sub> over 70.1 m, including 3.02% Li<sub>2</sub>O and 160 ppm Ta<sub>2</sub>O<sub>5</sub> over 40.7 m (CV22-017), 1.45% Li<sub>2</sub>O and 177 ppm Ta<sub>2</sub>O<sub>5</sub> over 84.0 m, including 3.62% Li<sub>2</sub>O and 200 ppm Ta<sub>2</sub>O<sub>5</sub> over 9.0 m (CV22-028), 1.17% Li<sub>2</sub>O and 156 ppm Ta<sub>2</sub>O<sub>5</sub> over 61.3 m (CV22-025), and 1.39% Li<sub>2</sub>O and 125 ppm Ta<sub>2</sub>O<sub>5</sub> over 26.6 m (CV22-027). Following the 2022 winter drill program, the main spodumene pegmatite body had been traced by drilling over a strike length of at least 1.4 km.

On May 17, 2022, the Company announced core assay results for the first series of holes (CV22-015, 016, 018, and 019) completed as part of its winter/spring drill program. All four holes were collared over lake ice at an orientation of  $158^{\circ}/45^{\circ}$ , with end-of-hole depths ranging from 149.9 m to 252.1 m, and each returning strong grades of lithium and tantalum. Drill intercepts included 1.01% Li<sub>2</sub>O and 100 ppm Ta<sub>2</sub>O<sub>5</sub> over 25.8 m (CV22-018), 0.91% Li<sub>2</sub>O over 29.0 m within a wider zone of 0.85% Li<sub>2</sub>O over 56.6 m (CV22-016), and 1.17% Li<sub>2</sub>O over 33.8 m within a wider zone of 0.80% Li<sub>2</sub>O over 95.8 m (CV22-019).

On March 22, 30, April 7, 21, and 28, 2022, the Company provided updates to the market regarding the status and progress of the winter/spring drill program, including pegmatite intersections. A total of 20 NQ size diamond drill holes (4,345 m) were completed during the winter/spring phase and included 17 holes collared over ice, and three holes collared over land. The geological 3D modeling of the drill holes completed indicated that pegmatite continued across the lake from the CV5 Pegmatite outcrop towards the CV1 Pegmatite outcrop – a strike length of at least 1,400 m – and that the pegmatite body is widening at depth.

During the year ended March 31, 2023, the Company incurred \$30,075,000 in exploration expenditures for the Corvette Property, net of exploration tax credits (2022 – \$4,833,000).

In addition, the Company announced that BBA had been retained to complete an inaugural mineral resource estimate for the CV5 Pegmatite, as well as carry-out development studies at the Corvette Property.

### Updates Since March 31, 2023

The Company successfully completed a DMS and magnetic separation test on material from the CV5 Pegmatite. The test produced a spodumene concentrate of 5.8%  $Li_2O$  at 79% recovery and an Fe<sub>2</sub>O<sub>3</sub> grade of 0.60%, affirming the results of the previous HLS tests and indicating a strong potential for a DMS driven flowsheet without the need of flotation.

In June 2023, the *Ministère des Ressources Naturelles et des Forêts* restricted forest access at the Corvette Property due to wildfires in the Eeyou Istchee James Bay region of Quebec. The situation is rapidly evolving with restrictions on access to the territory as of the date of this MD&A, which has forced the Company to suspend all activities at the site while the restrictions were in place and the Company only anticipate remobilisation and resumption of all activities at site by the end of June. Nonetheless, the Company remains on target for a July 2023 announcement for the initial mineral resource estimate at CV5, which will include all drill holes completed through April 17, 2023 (i.e., the recently completed winter drill program).

#### 5.2 Freeman Creek Property (Gold) – Idaho, USA

During the year ended March 31, 2023, the Company incurred \$46,000 in exploration expenditures on the Freeman Creek Property (compared with \$174,000 for the fiscal year ended March 31, 2022).

### 5.3 Pontois Property (Lithium, Gold) – James Bay Region, Québec, Canada

During the year ended March 31, 2023, the Company incurred \$17,000 in exploration expenditures on the Pontois Property.

# 5.4 <u>Hidden Lake Property (Lithium) – Northwest Territories, Canada</u>

No field exploration was completed at the Hidden Lake in 2023 and 2022, primarily due to restrictions resulting from the COVID-19 pandemic. The Hidden Lake Property claims are in good standing until 2026.

# 5.5 Pontax Property (Lithium, Gold) – James Bay Region, Québec, Canada

During the year ended March 31, 2023, the Company incurred \$160,000 in exploration expenditures on the Pontax Property (compared with \$22,000 for the fiscal year ended March 31, 2022).

The Company completed an exploration program at the Pontax Property in calendar year 2022 which focused on lithium pegmatite. The program consisted of an airborne LiDAR and orthophoto survey followed by a surface prospecting, rock sampling, and channel sampling program. The exploration was successful with several new lithium pegmatite occurrences discovered in close proximity, as well as those previously known expanded. The occurrences are highlighted by the Capacito Showing (3.81% Li<sub>2</sub>O in outcrop), Transisto Showing (2.08% Li<sub>2</sub>O in boulder), Resisto Showing (2.86% Li<sub>2</sub>O in outcrop), and the Inducto Showing (2.69% Li<sub>2</sub>O in outcrop). The Resisto Showing also returned a significant channel sampling of pegmatite that assayed 12.1 m at 0.55% Li<sub>2</sub>O and 2,166 ppm Ta<sub>2</sub>O<sub>5</sub>, including 4 m at 0.84% Li<sub>2</sub>O and 4,596 ppm Ta<sub>2</sub>O<sub>5</sub>. Of the lithium pegmatite occurrences discovered to date at the Pontax Property, the Resisto Showing is the most exposed and advanced target, and therefore of primary interest.

#### 5.6 Lac du Beryl Property (Lithium, Gold) – James Bay Region, Québec, Canada

During the year ended March 31, 2023, the Company incurred \$29,000 in exploration expenditures on the Lac du Beryl Property (none during the financial year ended March 31, 2022).

#### 5.7 Eastmain Property (Lithium) – James Bay Region, Québec, Canada

The Eastmain Property was preliminarily assessed in 2017/2018 by the Company using a surface prospecting reconnaissance approach with pegmatite confirmed present on the property, although not spodumene bearing. Areas of the Eastmain Property remain to be assessed for the presence of spodumene pegmatite. The Eastmain property currently consists of two claims blocks, totalling 13 claims and 686.5 hectares.

Pursuant to the property purchase agreement dated September 18, 2017 the Company acquired from third-party vendors 100% interest in the minerals claims. The Lac du Beryl property is subject to a 2% NSR with respect to the production of all materials from the property.

During the year ended March 31, 2023, the Company incurred \$20,000 in exploration expenditures on the Eastmain Property (none during the financial year ended March 31, 2022).

# 6 **RESULTS OF OPERATIONS**

Operations have significantly expanded during the fiscal year ended March 31,2023 and are the result of increased interest and demand for lithium as a key mineral required for a transition towards clean energy.

The following table sets forth selected annual financial information for the Company which should be read in conjunction with the Company's Audited Consolidated Financial Statements for the years ended March 31, 2023, 2022 and 2021, including the notes thereto.

	March 31, 2023	March 31, 2022	March 31, 2021
Year Ended	\$	\$	\$
Comprehensive loss for the period	(10,115,000)	(3,882,000)	(775,000)
Basic and diluted loss per share	(0.11)	(0.10)	(0.09)
Total assets	107,720,000	26,621,000	4,366,000
Total non-current financial liabilities	2,704,000	-	40,000
Cash dividends	-	-	-

Comprehensive loss (and related basis and diluted loss per share has increased period over period as a result of the Company's development and additional general and administrative expenses to sustain its growth. Total assets have increased period over period as a result of the Company's expenditures on its exploration properties. Non-current financial liabilities have increased due to recognition as of March 31, 2023 of a deferred tax liability relating to FT share financings.

The following table sets forth the Consolidated Statements of Loss and Comprehensive Loss for the years ended March 31, 2023 and 2022:

	Year Ended	
	March 31, 2023	March 31, 2022
	\$	\$
General and Administrative Expenses		
Business development	540,000	225,000
Consulting fees	276,000	203,000
Investor communications	114,000	1,263,000
Management and administration fees	1,835,000	481,000
Office and miscellaneous	289,000	77,000
Professional fees	1,026,000	224,000
Share-based compensation	12,368,000	1,583,000
Transfer agent and filing fees	368,000	84,000
Travel	379,000	14,000
Total general and administrative expenses	(17,195,000)	(4,154,000)
Other Income (Loss)		
Flow-through premium income	10,298,000	600,000
Interest income	22,000	2,000
Flow-through interest	(89,000)	-
Impairment loss	-	(330,000)
Loss before income taxes	(6,964,000)	(3,882,000)
Income taxes		
Deferred income tax expense	(3,151,000)	-
Net loss and comprehensive loss for the year	(10,115,000)	(3,882,000)
Loss per common share		
Basic and diluted	(0.11)	(0.10)

#### Years Ended March 31, 2023 and 2022:

#### General and Administrative Expenses

Total general and administrative expenses increased from \$4,154,000 in 2022 to \$17,195,000 for the fiscal year ended March 31, 2023, mainly due to:

• Share-based compensation. Given that the Company had made a material lithium raw materials discovery at the Corvette Project, building the Company's capacity, to realize the Corvette Projects potential as soon as possible was key. To achieve this aim, total remuneration, inclusive of an option allocation upon joining the Company, were important tools to attract and retain the right skills, experience, and industry leadership. The Company believes this is a prudent strategy to capitalise on the exploration success at Corvette and grow a significant lithium raw materials business.

As a result of the appointment of new directors and executives and the higher stock price year over year, stock-based compensation increased from \$1,583,000 000 for the fiscal year ended March 31, 2022 to \$12,368,000 for the current fiscal year ended March 31, 2023.

- **Management and administration fees** totalling \$1,835,000 (compared with \$481,000 for the fiscal year ended March 31, 2022) reflected the addition of key personnel to the management team and separation settlements;
- Year to year increase in **professional fees of** \$802,000 were driven by the change in listing from CSE to TSXV, the dual listing process on the ASX and additional activities as the Company pursues its growth;
- The remaining variations reflect the activities to sustain the accelerated growth of the Company during the fiscal year ended March 31, 2023, offset by a decrease in costs related to investor communications following the completion of an awareness campaign in the fiscal year ended March 31, 2022.

#### Other Income (Loss)

**The Flow-through premium income** of \$10,298,000 (compared with \$600,000 for the fiscal year ended March 31, 2022) is associated with the realization of premium from FT#23 and FT#22 Offerings. The variation between periods reflects the size and the higher stock price of the Company associated with each financing.

# Income Taxes

**Deferred income tax expense** for the year is primarily due to the recognition of a deferred tax provision that arose following the capitalization for accounting purposes of exploration expenses, while such expenses are being renounced to investors for tax purposes.

#### Net Loss and Comprehensive Loss

Due to the variances detailed above, the Company's net loss and comprehensive loss for the year ended March 31, 2023 totaled \$10,115,000 compared to a net loss and comprehensive loss of \$3,882,000 the year ended March 31, 2022.

The following table sets forth the Consolidated Statements of Loss and Comprehensive Loss for the quarters ended March 31, 2023 and 2022:

	Three Mon	Three Months Ended		
	March 31, 2023	March 31, 2022		
	\$	\$		
General and Administrative Expenses				
Business development	182,000	67,000		
Consulting fees	123,000	8,000		
Investor communications	82,000	6,000

#### General and Administrative Expenses

Total general and administrative expenses increased from \$330,000 for the three months ended March 31, 2022 to \$5,269,000 for the three months ended March 31, 2023, mainly due to:

- Share-based compensation totalling \$2,700,000 (2022-\$nil) reflecting the high stock price in the three-month period ended March 31, 2023, combined with the issuance of equity awards following the appointment of new directors and executives, further strengthening the Company's leadership team;
- **Management and administration fees** totalling \$1,111,000 (\$155,000 in 2022) reflecting the addition of key personnel to the management team;
- Quarter to quarter increase in **professional fees** from \$55,000 to \$575,000 driven by the dual listing process on the ASX and additional activities as the Company pursue its growth; and

• The remaining variations reflect the activities to sustain the accelerated growth of the Company during the three months ended March 31, 2023.

#### Other Income (Loss)

**The flow-through premium income** of \$6,785,00 (compared with \$595,000 in 2022) is associated with the realization of premium from FT#23 and FT#22 Offerings. The variation reflects the size and the higher stock price of the Company associated with each financing.

#### Income Taxes

**Deferred income tax expense** for the quarter is primarily due to the recognition of a deferred tax provision that arose following the capitalization for accounting purposes of exploration expenses, while such expenses are being renounced to investors for tax purposes.

#### Net Loss and Comprehensive Loss

Due to the variances detailed above, the Company's net loss and comprehensive loss for the three months ended March 31, 2023 totaled \$1,661,000 compared to a net loss and comprehensive loss of \$62,000 for the three months ended March 31, 2022.

### 7 CASH FLOW

As the Company is in the exploration phase, it does not receive, nor does it anticipate receiving any revenue in the next fiscal year. The Company's mineral interests do not currently generate cash flow from operations.

During the year ended March 31, 2023, the Company's cash and cash equivalents increased by \$45,026,000 from \$11,548,000 during the year ended March 31, 2022.

Cash used in operating activities amounted to \$7,207,000 (compared with \$3,122,000 for the fiscal year ended on March 31, 2022) essentially as a result of the net loss of \$10,115,000 for the year ended March 31, 2023 (2022: \$3,882,000), FT premium income and changes in non-cash working capital, offset by non-cash items such as share-based compensation.

Cash used in investing activities amounted to \$27,693,000 (compared with \$7,400,000 for the fiscal year ended on March 31, 2022), consisting mainly of increases in spending on exploration and evaluation expenditures. The cash used in investing activities increased primarily due to the ramping up of exploration activities at the Company's flagship asset - the Corvette Property. The acquisition of the Pontois Property in Québec, Canada was paid essentially with common shares of the Company (\$100,000 in cash and \$1,454,000 in shares). For the same period in the prior year, expenditures were mostly related to the Freeman Creek Property and the Québec properties (see section 4 - Mineral Property Interests and section 4 – Exploration Activities).

Cash inflows consisted of cash provided by financing activities totalling \$79,926,000 (compared with \$22,070,000 for the fiscal year ended March 31, 2022). The cash inflow is primarily attributed to the closing of the FT#22 and FT#23, the issuance of common shares in connection with the initial public offering on the ASX and the warrants and options exercised during the year. Last year, inflows for the same period were due to private placement proceeds received relating to the private placement closed on March 21, 2022 and to the closing on the flow-through financing #21 in December of 2021.

# 8 SUMMARY OF QUARTERLY RESULTS

The following is a summary of the Company's financial results for the eight most recent quarters, which have been derived from the financial statements prepared in accordance with IFRS:

Quarter Ended	Comprehensive Income (Loss) for the period	Basic and Diluted Earnings (Loss) per Share
March 31, 2023	(1,661,000)	(0.02)
December 31, 2022	816,000	0.01
September 30, 2022	(5,406,000)	(0.06)
June 30, 2022	(3,864,000)	(0.05)
March 31, 2022	(62,000)	-
December 31, 2021	(1,677,000)	(0.04)
September 30, 2021	(1,903,000)	(0.06)
June 30, 2021	(240,000)	(0.02)

Variations over the last eight recent quarters are primarily due to the following factors:

- Timing of stock options grants: the Company records a share-based compensation expense in the quarter where options are granted, unless grants include a vesting period. For those particular grants, the value of the stock options is expensed over the vesting period;
- Timing of FT financings and qualifying expenditures: FT premium liabilities are amortized over the period in which the funds are spent on qualifying expenditures;
- Recognition of a deferred tax income taxes arising following the capitalization for accounting purposes of exploration expenses, while such expenses are being renounced to investors for tax purposes.

# 9 LIQUIDITY AND CAPITAL RESOURCES

As at March 31, 2023, the Company had working capital of \$55,357,000 excluding the FT premium liability (compared with \$11,315,000 for the fiscal year ended March 31, 2022). The increase in working capital during the fiscal year ended March 31, 2022 is primarily due to net proceeds received from the issuance of common shares (\$72,165,000), proceeds from exercise of options and warrants (\$7,761,000), offset by exploration and evaluation property expenditures (\$27,084,000).

As at March 31, 2023, the Company had not advanced its exploration and evaluation properties to commercial production. The Company's continuation as a going concern is dependent upon successful results from exploration activities on its mineral properties and its ability to attain profitable operations and generate cash from its operations in the foreseeable future.

As at March 31, 2023, the Company has an accumulated deficit of \$22,885,000 (compared with \$12,770,000 for the fiscal year ended March 31, 2022) since inception and is expected to incur further losses in the development of its business. The Company will have to rely on the issuance of shares or the exercise of options and warrants to fund ongoing operations and investment.

The Company believes it has sufficient working capital and the ability to raise funds to meet its exploration and administrative overhead expenses and maintain its planned exploration activities for the next 12 months. The ability of the Company to raise capital will depend on market conditions, and it may not be possible for the Company to issue shares on acceptable terms or at all.

For more information on the financial risks facing the Company and their potential impact, please refer to the "Risk Factors" section of this MD&A.

# **10 OUTSTANDING SHARE DATA**

As at March 31, 2023, and June 28, 2023, the Company has:

As at	March 31, 2023	June 28, 2023
Issued and outstanding common shares	99,357,207	102,706,123
Warrants outstanding	27,877,148	24,735,232(1)
Stock options outstanding	8,141,671	7,934,671 <sup>(2)</sup>

Subsequent to March 31, 2023:

(1) A total of 3,141,916 warrants were exercised for total proceeds of \$1,204,512.

(2) A total of 207,000 stock options were exercised for total proceeds of \$201,930.

# 11 RELATED PARTY TRANSACTIONS

The Company's related parties include its subsidiary and key management personnel. Key management personnel are considered to be those persons having authority and responsibility for planning, directing and controlling the activities of the Company directly or indirectly. Key management personnel refers to directors and senior officers of the Company, including the president and Chief Executive Officer, the Chief Financial Officer and the VP Exploration.

In the last fiscal year ended March 31, 2023, the key management personnel of the Company received the following:

Year Ended	March 31, 2023	March 31, 2022
	\$	\$
Management and administration fees	1,078,000	481,000
Consulting fees	46,000	56,000
Consulting fees included in Exploration and Evaluation properties	230,000	25,000
Share-based compensation	9,868,000	1,228,000
Total key management compensation	11,222,000	1,790,000

All transactions with related parties were made in the normal course of business. Share-based compensation expense was calculated using the Black-Scholes option-pricing model. Additional information on this valuation model can be found in Note 3 to the Financial Statements, available on SEDAR at <u>www.sedar.com</u> and on the ASX at www.asx.com.au.

#### 12 COMMITMENTS

The Company has an agreement with a vendor related to accommodation at its Corvette Property. The agreement includes a \$3,200,000 commitment as at March 31, 2023, which has a maturity of less than a year.

# 13 SEGMENTED INFORMATION

The Company operates in one business segment, the exploration and development of mineral properties. Geographical information is as follows:

	Canada	US	Total
Balance, as at March 31, 2023			
Exploration and evaluation assets	\$44,498,000	\$1,770,000	\$46,268,000
Balance, as at March 31, 2022			
Exploration and evaluation assets	\$12,688,000	\$1,724,000	\$14,412,000

# 14 CHANGES IN ACCOUNTING POLICIES AND CRITICAL ACCOUNTING ESTIMATES

Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The determination of estimates requires the exercise of judgement based on various assumptions and other factors such as historical experience and current and expected economic conditions. Actual results could differ from those estimates.

Critical accounting estimates and assumptions as well as critical judgements in applying the Company's accounting policies are detailed in Note 3 of the Financial Statements, which are available on SEDAR at <u>www.sedar.com</u> and on the ASX at <u>www.asx.com.au</u>.

Certain new accounting standards and interpretations have been published that are not mandatory for the current period and have not been early adopted. These standards are not expected to have a material impact on the Company in the current or future reporting periods There were no changes in the Company's accounting policies during the year ended March 31, 2023.

# 15 OFF-BALANCE SHEET ARRANGEMENTS

The Company has not entered into any material off-balance sheet arrangements.

#### **16 PROPOSED TRANSACTIONS**

The Company has no proposed transactions.

# 17 CAPITAL DISCLOSURE

The Company considers its capital structure to include net residual equity of all assets, less liabilities. The Company's objectives when managing capital are to: (i) maintain financial flexibility in order to preserve its ability to meet financial obligations and continue as a going concern; (ii) maintain a capital structure that allows the Company to finance its growth using internally-generated cash flow and debt capacity; and (iii) optimize the use of its capital to provide an appropriate investment return to its shareholders commensurate with risk.

The Company's financial strategy is formulated and adapted according to market conditions in order to maintain a flexible capital structure that is consistent with its objectives and the risk characteristics of its underlying assets. The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of its underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, acquire or dispose of assets, or adjust, the amount of cash and cash equivalents and receivables.

#### **18 FINANCIAL INSTRUMENTS**

The nature and extent of risks arising from the Company's financial instruments are summarized in Note 12 to the Financial Statements, available on SEDAR at <u>www.sedar.com</u> and on the ASX at <u>www.asx.com.au</u>.

# **19 RISKS AND UNCERTAINTIES**

As a mining company, the Company faces the financial and operational risks inherent to the nature of its business that may have a material adverse effect on its financial condition, results of operations or the trading price of the Company's shares. For a description of the risk factors related to the Company and its activities, please refer to the section entitled "Risk Factors" of Company's AIF. This section is incorporated by reference into this MD&A.

# 20 NATURE OF SECURITIES

The purchase of the Company's securities involves a high degree of risk and should be undertaken only by investors whose financial resources are sufficient to enable them to assume such risks. The Company's securities should not be purchased by persons who cannot afford the possibility of the loss of their entire investment. Furthermore, an investment in the Company's securities should not constitute a major portion of an investor's portfolio.

#### 21 INTERNAL CONTROL OVER FINANCIAL REPORTING

#### **Disclosure Controls and Procedures**

Disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by the Company in its annual filings or, interim filings or other reports filed or submitted by it under securities legislation is recorded, processed, summarized and reported within the time periods specified in the securities legislation and include controls and procedures designed to ensure that information required to be disclosed by the Company in its annual filings, interim filings or other reports filed or submitted under securities legislation is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

#### Internal Controls Over Financial Reporting

Internal controls over financial reporting are designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with IFRS. Management is also responsible for the design of the Company's internal control over financial reporting in order to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with IFRS.

The Company's internal controls over financial reporting include policies and procedures that: pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and disposition of assets; provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements in accordance with IFRS and that receipts and expenditures are being made only in accordance with the authorization of management and directors of the Company; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of assets that could have a material effect on the financial statements.

As at March 31, 2023, there has not been any material change to internal controls over financial reporting for the period. Management, including the Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the design and operation of the Company's internal controls over financial reporting. As of March 31, 2023, the Chief Executive Officer and Chief Financial Officer have each concluded that the Company's internal controls over financial reporting, as defined in National Instrument 52-109 – *Certification of Disclosure in Issuer's Annual and Interim Filings*, are effective to achieve the purpose for which they have been designed. Because of their inherent limitations, internal controls over financial reporting can provide only reasonable assurance and may not prevent or detect misstatements. Furthermore, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate. The control framework used to evaluate the effectiveness of the design and operation of the Company's internal controls over financial reporting is the 2013 Internal Control– *Integrated Framework* published by the Committee of Sponsoring Organizations of the Treadway Commission.

# 22 ADDITIONAL INFORMATION

Additional information about the Company, including its AIF, can be found on SEDAR at <u>www.sedar.com</u> and on the ASX at <u>www.asx.com.au</u>.

#### 23 QUALIFIED PERSON/COMPETENT PERSON (ASX Listing Rule 5.22)

Darren L. Smith, M.Sc., P.Geo., who is a Qualified Person as defined by National Instrument 43-101, and member in good standing with the Ordre des Géologues du Québec (Geologist Permit number 1968), and with the Association of Professional Engineers and Geoscientists of Alberta (member number 87868) has reviewed and approved the technical information in this MD&A.

Mr. Smith is the Vice President of Exploration for the Company. Mr. Smith holds common shares and stock options in the Company. Mr. Smith has sufficient experience, which is relevant to the style of mineralization, type of deposit under consideration, and to the activities being undertaken to qualify as a Competent Person as described by the JORC Code, 2012. Mr. Smith consents to the inclusion in this MD&A of the matters based on his information in the form and context in which it appears.

The information in this MD&A which relates to previously announced exploration results for the Corvette Property were first released by the Company in its prospectus for its ASX listing dated November 9, 2022 and released to the ASX platform on December 5, 2022 ("Prospectus") and in ASX announcements released on January 19 and 30, 2023, February 6, 14 and 22, 2023, and March 30, 2023. The Company confirms it is not aware of any new information or data that materially affects the exploration results included in the Prospectus or the relevant ASX announcements.

# 24 ASX LISTING RULE 4.10 DISCLOSURES

In accordance with ASX Listing Rule 4.10 the following information is provided.

# **Corporate Governance Statement**

The Company has adopted comprehensive systems of control and accountability as the basis for the administration of corporate governance. The Board is committed to administering the Company's policies and procedures with openness and integrity, pursuing the true spirit of corporate governance commensurate with the Company's needs.

To the extent applicable, the Company has adopted the 4<sup>th</sup> edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (Recommendations).

In light of the Company's size and nature, the Board considers that the current Board is a cost effective and practical method of directing and managing the Company. As the Company's activities develop in size, nature and scope, the size of the Board and the implementation of additional corporate governance policies and structures will be reviewed.

#### Board of Directors

The Board is responsible for the corporate governance of the Company. The Board develops strategies for the Company, reviews strategic objectives and monitors performance against those objectives. Clearly articulating the division of responsibilities between the Board and management will help manage expectations and avoid misunderstandings about their respective roles and accountabilities.

In general, the Board assumes (amongst others) the following responsibilities:

- i. Appointing and, when necessary, replacing the Chief Executive Officer and other senior executives, and the determination of their terms and conditions including remuneration and termination;
- ii. Driving the strategic direction of the Company, ensuring appropriate resources are available to meet objectives and monitoring management's performance;
- iii. Reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct and legal compliance;
- iv. Approving and monitoring the progress of major capital expenditure, capital management and significant acquisitions and divestitures;
- v. Overseeing the integrity of the Company's accounting and corporate reporting systems including the external audit;

- vi. Undertaking appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a Director;
- vii. Overseeing the Company's process for making timely and balanced disclosure of all material information concerning the Company that a reasonable person would expect to have a material effect on the price or value of the Company's securities; and
- viii. Monitoring the effectiveness of the Company's governance practices.

The Company is committed to ensuring that appropriate checks are undertaken before the appointment of a Director and has in place written agreements with each Director, which detail the terms of their appointment.

### **Board Composition**

Election of Board members is substantially the province of the Shareholders in a general meeting. The Board currently consists of five members.

- Ken Brinsden (Non-Executive Chairman, appointed on August 22, 2022);
- Blair Way (Chief Executive Officer, President & CEO, appointed on November 3, 2022);
- Brian Jennings (Non-Executive Director, appointed on July 18, 2022);
- Melissa Desrochers (Non-Executive Director, appointed on January 26, 2023);
- Pierre Boivin (Non-Executive Director, appointed on June 12, 2023).

Ken Brinsden, Brian Jennings, Melissa Desrochers and Pierre Boivin are considered to be independent Directors.

The Board regularly reviews the balance of skills currently and as part of succession planning to ensure the appropriate level of skills, knowledge and experience along with diversity and independence are in place to best discharge its responsibilities for the shareholders in the most effective manner.

As the Company's activities develop in size, nature and scope, the composition of the Board and the implementation of additional corporate governance policies and structures will be reviewed.

#### Identification and Management of Risk

The Board's collective experience will assist in the identification of the principal risks that may affect the Company's business. Key operational risks and their management will be recurring items for deliberation at Board meetings.

#### **Ethical Standards**

The Board is committed to the establishment and maintenance of appropriate ethical standards.

#### Remuneration Arrangements

The Board has determined at this time there is no requirement for a separate nomination and remunerations committee. The full Board represents the shareholders and is responsible for the nomination and remuneration of directors and the Company's senior managers.

# Securities Trading Policy

The Board has adopted a policy that sets out the guidelines on the sale and purchase of securities in the Company by its key management personnel (ie, Directors and, if applicable, any employees reporting directly to the Chief Executive Officer). The policy generally provides that the written acknowledgement of the Chairman (or the chair of the Company's Audit and Risk Committee in the case of the Chairman) must be obtained prior to trading.

#### **Diversity Policy**

The Company is committed to workplace diversity. The Company recognises the benefits from diversity in the workplace and at the Board level, including access to different perspectives and ideas, benefitting from a wide range of talent.

#### Audit and Risk

The Company's risk management policy exists to provide a framework for the Company to monitor and assess all associated risks to the Company. The Company's Audit Committee consists of three members who will be appointed by the Board. To the extent possible, the Board will endeavour to appoint Non-Executive Directors to the Audit Committee and will aim to appoint a majority of Independent Directors.

Audit Committee meetings will be held at least two times a year with the external auditors expected to attend at least one meeting a year.

#### External Audit

The Company in general meetings is responsible for the appointment of the external auditors of the Company, and the Board (and, after such time as the Audit Committee is constituted, the Audit Committee) from time to time will review the scope, performance and fees of those external auditors. The fees for external auditors is subject to shareholder approval.

# PATRIOT BATTERY METALS INC.

Management's Discussion and Analysis As at and for the year ended March 31, 2023

Shareholders in the annual report and on the Company's website.
A liste skills n diversi	<b>Recommendation 2.2</b> A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership		NO	The Board Charter incorporates a set of skills and abilities that are desirable for the composition of the Board. The Board is satisfied that it currently possesses an appropriate mix of desired skills in the areas of geology, exploration and development of mining projects, commerce, finance, ESG and the lithium industry to act effectively. External consultants may be brought in with specialist knowledge to address areas where this is an attributed deficiency in the Board.
A lister (a) (b)	<ul> <li>the board to be independent directors;</li> <li>(b) if a director has an interest, position, association or relationship of the type described in Box 2.3 but the board is of the opinion that it does not compromise the independence of the director, the nature of the interest, position, association or relationship in question and an explanation of why the board is of that opinion; and</li> </ul>		YES	The Company will disclose in its Financial Statements and MD&A those Directors it considers Independent Directors and the considerations given in determining independence. The Annual Financial Statements and MD&A also includes the length of service of each Director.
(c)	-	ngth of service of each director.		

<b>Recommendation 2.4</b> A majority of the board of a listed entity should be independent directors.	YES	Four out of the Company's five Directors are considered to be independent. The remaining Director is not considered to be independent.		
Recommendation 2.5	YES	Ken Brinsden is the Company's Chair. He is		
The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.		not the CEO and is considered independent.		
Recommendation 2.6	YES	In accordance with the Company's Board		
A listed entity should have a program for inducting new directors and provide appropriate professional development opportunities for directors to develop and maintain the skills and knowledge needed to perform their role as directors effectively.		Charter, the Board is responsible for the approval and review of induction and continuing professional development programs and procedures for Directors to ensure that they can effectively discharge their responsibilities. The Company Secretary is responsible for facilitating inductions and professional development.		
PRINCIPLE 3 – INSTILL A CULTURE OF ACTING	LAWFULLY, E	THICALLY AND RESPONSIBILY		
<b>Recommendation 3.1</b> A listed entity should articulate and disclose its values.	YES	The Board has approved a Statement of Values and charges the Directors with the responsibility of inculcating those values across the Company.		
Recommendation 3.2 A listed entity should: (a) have and disclose a code of conduct for its directors, senior executives and employees; and	YES	The Company has adopted a Code of Conduct for the Board, senior executives and employees that promotes the highest standards of ethics and integrity in carrying out their duties to the Company.		
(b) ensure that the board or a committee of the board is informed of any material breaches of that code.				
Recommendation 3.3	YES	The Board has adopted a Whistleblower		
A listed entity should:		Policy to ensure concerns regarding unacceptable conduct including breaches of		
<ul> <li>(a) have and disclose a whistleblower policy; and</li> <li>(b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.</li> </ul>		the Company's code of conduct that can be raised on a confidential basis, without fear of reprisal, dismissal or discriminatory treatment. The purpose of this policy is to promote responsible whistle blowing about issues where the interests of others, including the public, or of the organisation itself are at risk.		
Recommendation 3.4	YES	The Board has a zero-tolerance approach to		
(a) have and disclose an anti-bribery and corruption policy; and		bribery and corruption and is committed to acting professionally, fairly and with integrity in all business dealings. The Board has adopted		
(b) ensure that the board or a committee of the board is informed of any material breaches of that policy.		an Anti-Bribery and Anti-Corruption Policy for the purpose of setting out the responsibilities in observing and upholding the Company's position on bribery and corruption, and provide information and guidance to those working for the Company on how to recognise and deal with bribery and corruption issues.		
PRINCIPLE 4 – SAFEGUARD THE INTEGRITY OF CORPORATE REPORTS				
<b>Recommendation 4.1</b> The board of a listed entity should:	YES	The Company's Audit Committee consists of three members who are appointed by the		
(a) have an audit committee which:		Board: • Brian Jennings (Chair)		

# PATRIOT BATTERY METALS INC. Management's Discussion and Analysis As at and for the year ended March 31, 2023

	(i)	has at least three members, all of		Ken Brinsden
		whom are non-executive directors and a majority of whom are independent directors; and		Melissa Desrochers
	(ii)	is chaired by an independent director, who is not the chair of the board,		To the extent possible, the Board will endeavour to appoint Non-Executive Directors as members, with a majority of the appointees being independent. The Audit Committee will
	and dis	sclose:		be chaired by an independent director, who is
	(i)	the charter of the committee;		not the chair of the Board. The Corporate Secretary (Canada) will perform the duties of
	(ii)	the relevant qualifications and		Secretary of the Audit Committee.
	(")	experience of the members of the committee; and		The Company will disclose the charter of the committee, the number of times the committee
	(iii)	in relation to each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or		met throughout the period and the individual attendances of the members at those meetings. The relevant qualifications and experience of the members will not be disclosed in the charter of the committee.
(b)	disclos employ safegu reporti appoin auditor	es not have an audit committee, se that fact and the processes it ys that independently verify and lard the integrity of its corporate ng, including the processes for the the the and removal of the external r and the rotation of the audit ement partner.		
<b>Recommendation 4.2</b> The board of a listed entity should, before it approves the entity's financial statements for a financial period, receive from its CEO and CFO a declaration that, in their opinion, the financial records of the entity have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.		YES	The Board relies on management accountability for the Company's financial statements and reports for a financial period and requires the CEO and CFO, to provide declarations that in their opinion, the financial records and reports have been properly maintained and presented and comply with appropriate accounting standards, giving a true and fair view, in all material respects, of the financial position and performance of the Company and its entities.	
<b>Recommendation 4.3</b> A listed entity should disclose its process to verify the integrity of any periodic corporate report it releases to the market that is not audited or reviewed by an external auditor.		YES	When preparing reports for release to the market including periodic or interim financial reports, these interim financial reports shall be prepared and reviewed by the CEO and CFO before being presented to the Board for review and approval. Such reports shall not be released to market without this review and approval process by executive management and the Board. The CEO and CFO also provide executed certifications for all interim financial reports released to the market.	
PRINC	CIPLE 5	- MAKE TIMELY AND BALANCED I	DISCLOSURE	
Recor	nmenda	ation 5.1	YES	a) The Company has adopted a
policy	for com	should have and disclose a written olying with its continuous disclosure der listing rule 3.1.		Continuous Disclosure Policy which is set out within the Company's Corporate Governance Plan and details the Company's disclosure

		requirements as required by the ASX Listing Rules and other relevant legislation.
Recommendation 5.2 A listed entity should ensure that its board receives copies of all material market announcements promptly after they have been made.	YES	The Board has appointed the Corporate Secretary (Canada) and the Company Secretary (Australia) as the persons responsible for communicating with the relevant securities exchanges and overseeing and coordinating the timely disclosure of information to TSX-V and ASX, subject to prior review and approval of all announcements by the Board or any person with appropriate delegated authority. The Corporate Secretary (Canada) and the Company Secretary (Australia) ensures that the Board are aware of when any announcement is due to go out and when the confirmation of release is received, the Corporate Secretary (Canada) and the Company Secretary (Australia) promptly forwards this to the Board.
<b>Recommendation 5.3</b> A listed entity that gives new and substantive investor or analyst presentation should release a copy of the presentation materials on the ASX Market Announcements Platform ahead of the presentation.	YES	The Board has appointed the Company Secretary (Australia) as the person responsible for communicating with ASX and overseeing and coordinating the timely disclosure of information to ASX, subject to prior review and approval of all announcements by the Board or any person with appropriate delegated authority. The Company Secretary (Australia) will ensure any substantive presentations are released to the ASX Market Announcements Platform ahead of the presentation and in accordance with the Continuous Disclosure Policy.
PRINCIPLE 6 – RESPECT THE RIGHTS OF SECU		3
<b>Recommendation 6.1</b> A listed entity should provide information about itself and its governance to investors via its website.	YES	Information about the Company and its governance is available on the Company's website.
<b>Recommendation 6.2</b> A listed entity should have an investor relations program to facilitate effective two-way communication with investors.	YES	The Company has adopted a Shareholder Communications Policy which aims to promote and facilitate effective two-way communication with investors. The Policy outlines a range of ways in which information is communicated to Shareholders.
<b>Recommendation 6.3</b> A listed entity should disclose how it facilitates and encourages participation at meetings of security holders.	YES	As per the Company's Shareholder Communications Policy, Shareholders will be encouraged to participate at all meetings of security holders the Company. Upon the despatch of any notice of meeting to Shareholders, the Company Secretary shall send out material with that notice of meeting stating that all Shareholders are encouraged to participate at the meeting.

		CDI holders are also encouraged to attend the Annual Meeting, however, cannot vote in person and must direct CHESS Depositary Nominees how to vote in advance of the meeting.
<b>Recommendation 6.4</b> A listed entity should ensure that all substantive resolutions at a meeting of security holders are decided by a poll rather than a show of hands.	YES	The Company conducts a poll at meetings of security holders to decide each resolution.
<b>Recommendation 6.5</b> A listed entity should give security holders the option to receive communications from, and send communication to, the entity and its security registry electronically.	YES	The Company is committed to maintaining a Company website with general information about the Company and its operations and information specifically targeted at keeping the Company's shareholders informed about the Company. Regular reports are released through the ASX and the TSX-V as well as the media. Notices of all meetings of shareholders, annual reports, quarterly reports and material TSX-V announcements are posted on SEDAR. Shareholders are invited via the corporate website to opt-in to receive electronic communications.

PRIN	PRINCIPLE 7 – RECOGNISE AND MANAGE RISK			
Reco	ommend poard of have overs (i) (ii)	<ul> <li><b>RECOGNISE AND MANAGE RISK</b></li> <li><b>lation 7.1</b> <ul> <li>a listed entity should:</li> <li>a committee or committees to ee risk, each of which:                  <ul></ul></li></ul></li></ul>	NO	The Board has not established a separate Risk Management Committee. The Board is ultimately responsible for risk oversight and risk management. Discussions on the recognition and management of risks are considered by the Board. The Board considers that the Company is not currently of a size, nor are its affairs of such complexity to justify having a separate risk committee.
(b)	comm that fa	those meetings; or bes not have a risk committee or nittees that satisfy (a) above, disclose act and the processes it employs for eeing the entity's risk management ework		
Recommendation 7.2 The board or a committee of the board should: (a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound and that the		NO	The Company is committed to the identification, monitoring and management of risks associated with its business activities and has established policies in relation to the implementation of practical and effective	

(b)	risk ap disclo	is operating with due regard to the opetite set by the board; and se, in relation to each reporting I, whether such a review has taken		control systems. The Company has established a Risk Management Policy and will disclose in relation to each reporting period whether a review of the risk management has taken place.	
			NO	The Company does not have an independent internal audit function. Due to the nature and size of the Company's operations, and the Company's ability to derive substantially all of

directors and senior executives and		
ensuring that such remuneration is		
appropriate and not excessive.		
Recommendation 8.2 A listed entity should separately disclose its policies and practices regarding the remuneration of non-executive directors and the remuneration of executive directors and other senior executives.	YES	The Board Charter sets out the policies and practices of the remuneration of Non- Executive Directors, Executive Directors and other senior executives. All Directors of the Company typically receive remuneration comprising a base salary component and other fixed benefits based on the terms of their respective employment agreements with the Company or its subsidiaries, and potentially the ability to participate in incentive plans. Details of the remuneration of the Directors and other executives are in the Company's Management Information Circular provided in connection with the Annual General Meeting
		held on March 3, 2023, available on the Company's website and SEDAR.
<ul> <li>Recommendation 8.3</li> <li>A listed entity which has an equity-based remuneration scheme should: <ul> <li>(a) have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme; and</li> <li>(b) disclose that policy or a summary of it.</li> </ul> </li> </ul>	YES	The Company's Trading Policy prohibits the hedging of unvested performance share rights and vested securities that are subject to disposal restrictions at all times, irrespective of trading windows. This is intended to prevent transactions which could have the effect of distorting the proper functioning of performance hurdles or reducing the intended alignment between management's and shareholders' interests. For the purposes of this policy, hedging includes the entry into any derivative transaction such as options, forward contracts, swaps, futures, warrants, caps and collars and any other transaction in financial products which operate to limit (in any way) the economic risk associated with holding the relevant securities.

ADDITIONAL RECOMMENDATIONS THAT APPLY	Y ONLY IN CER	
Recommendation 9.1	N/A	-
A listed entity with a director who does not speak the language in which board or security holder		
meetings are held or key corporate documents are		
written should disclose the processes it has in place to ensure the director understands and can		
contribute to the discussions at those meetings		
and understands and can discharge their obligations in relation to those documents.		
Recommendation 9.2	YES	The Company will hold its annual general meeting in Montreal, Quebec, Canada.

A listed entity established outside Australia should ensure that meetings of security holders are held at a reasonable place and time.		Security holders can attend the meeting online, if required.
<b>Recommendation 9.3</b> A listed entity established outside Australia, and an externally managed listed entity that has an AGM, should ensure that its external auditor attends its AGM and is available to answer questions from security holders relevant to the audit.	YES	The Company will hold its Annual General Meeting in Montreal, Quebec, Canada. Under the BCBCA, the auditor is not required to attend an annual general meeting, unless a registered shareholder requires the auditor's attendance by written notice given to the Company at least five days before the meeting.

# Substantial Registered Shareholders

To the best of the Company's knowledge based on the available information, as at June 28, 2023, only one Shareholder holds a voting power of over 5% of the Shares on issue.

Name	Number	%
Kingslane Pty Ltd < Cranston Super Pension A/C>	6,500,000	6.33%

The above information is based upon information provided by TSX Trust Company (the Company's transfer agent for the Shares), independent intermediaries that non-registered Shareholders deal with in respect of the Shares (intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) and insider filings made by Shareholders pursuant to applicable securities laws. The Company has no reason to believe that such information is false or misleading in any material respect. However, the information cannot be verified with complete certainty due to limits on the availability and reliability of information, the voluntary nature of the information gathering process and other limitations and uncertainties. No representation can therefore be given as to the accuracy of any of the information.

## Number of Holders in Each Class of Equity Securities

## Ordinary Shares

There are 36 holders of ordinary shares and 102,706,123 ordinary shares on issue as at June 28, 2023. All issued ordinary shares carry one vote per share.

## Unquoted Options

There are 27 holders of unquoted options and 7,934,671 unquoted options on issue as at June 28, 2023. There are no voting rights attaching to the unquoted options. The 7,934,671 unquoted options, if exercised, will convert into 7,934,671 ordinary shares.

The unquoted options have the following exercise price and expiry dates:

No. of Holders	No. of Unquoted Options	Exercise Price (\$C)	Expiry Date
3	216,671	0.30	November 19, 2023
3	1,250,000	0.39	August 6, 2024

## **Restricted Securities**

There are currently no securities subject to voluntary escrow.

# Voting Rights

The Company is incorporated under the legal jurisdiction of British Columbia, Canada. To enable companies such as the Company to have their securities cleared and settled electronically through CHESS, Depositary Instruments called CHESS Depositary Interests (**CDIs**) are issued. Every ten (10) CDIs represents one underlying ordinary share in the Company (**Share**). The main difference between holding CDIs and Shares is that CDI holders hold the beneficial ownership in the Shares instead of legal title. CHESS Depositary Nominees Pty Limited (**CDN**), a subsidiary of ASX, holds the legal title to the underlying Shares.

Pursuant to the ASX Settlement Operating Rules, CDI holders receive all the economic benefits of actual ownership of the underlying Shares. CDIs are traded in a manner similar to shares of Australian companies listed on ASX.

CDIs will be held in uncertificated form and settled/transferred through CHESS. No share certificates will be issued to CDI holders. Every ten (10) CDIs are entitled to one vote when a poll is called, otherwise each member present at a meeting or by proxy has one vote on a show of hands.

If holders of CDIs wish to attend and vote at the Company's general meetings, they will be able to do so. Under the ASX Listing Rules and the ASX Settlement Operating Rules, the Company as an issuer of CDIs must allow CDI holders to attend any meeting of the holders of Shares unless relevant English law at the time of the meeting prevents CDI holders from attending those meetings. In order to vote at such meetings, CDI holders have the following options:

- (i) Instructing CDN, as the legal owner, to vote the Shares underlying their CDIs in a particular manner. A voting instruction form will be sent to CDI holders with the notice of meeting or proxy statement for the meeting and this must be completed and returned to the Company's Share Registry prior to the meeting; or
- (ii) Informing the Company that they wish to nominate themselves or another person to be appointed as CDN's proxy with respect to their Shares underlying the CDIs for the purposes of attending and voting at the general meeting; or
- (iii) Converting their CDIs into a holding of Shares and voting these at the meeting (however, if thereafter the former CDI holder wishes to sell their investment on ASX it would be necessary to convert the Shares back to CDIs). In order to vote in person, the conversion must be completed prior to the record date for the meeting. See above for further information regarding the conversion process.

As holders of CDIs will not appear on the Company's share register as the legal holders of the Shares, they will not be entitled to vote at Shareholder meetings unless one of the above steps is undertaken.

As every ten (10) CDIs represent one Share, a CDI Holder will be entitled to one vote for every ten (10) CDIs they hold.

Proxy forms, CDI voting instruction forms and details of these alternatives will be included in each notice of meeting sent to CDI holders by the Company.

These voting rights exist only under the ASX Settlement Operating Rules, rather than under British Columbia Law. Since CDN is the legal holder of the applicable Shares and the holders of CDIs are not themselves the legal holder of their applicable Shares, the holders of CDIs do not have any directly enforceable rights under the Company's articles of association.

As holders of CDIs will not appear on our share register as the legal holders of shares of ordinary shares, they will not be entitled to vote at our shareholder meetings unless one of the above steps is undertaken.

## On-market Buy Back

There is no current on-market buy-back of securities.

#### Use of Funds Statement – ASX Listing Rule 4.10.19

In accordance with Listing Rule 4.10.19, the Company states that it has used the cash and assets in a form readily convertible to cash that it had at the time of admission to the ASX in a way consistent with its business objectives. The business objective is primarily mineral exploration.

#### **Corporate/Company Secretary**

- The name of the Corporate Secretary (Canada) is Natacha Garoute;
- The name of the Company Secretary (Australia) is Mathew O'Hara.

## Address and Details of the Company's Registered Office and Principal Place of Business

- Registered Office (Canada) Suite 700, 838 W Hastings Street, Vancouver, BC V6C 0A6;
- Registered Office (Australia) Suite 23, 513 Hay Street, Subiaco WA 6008.

## Address and Telephone Details of the Office at which a Register of Securities is Kept

- Share Registry (Canada) TSX Trust Company, 301 100 Adelaide Street West, Toronto, ON M5H 4H1; T: 1 866 600 5869;
- CDI Registry (Australia) Automic, Level 5, 126 Phillip Street, Sydney NSW 2000; T: 1300 288 664 (within Australia) and +61 2 9698 5414 (Overseas).

#### Stock Exchange on which the Company's Securities are Quoted

The Company's listed securities are quoted on the following exchanges.

- TSX Venture Exchange under the symbol PMET;
- Australian Securities Exchange under the symbol PMT;
- Frankfurt Stock Exchange under the symbol R9GA;

• OTCQB operated by the OTC Market Group in the United States under symbol PMETF.

# 25 SCHEDULE OF MINING CLAIMS

In accordance with ASX Listing Rule 5.20, the Company has provided a listing of all the mining claims held at Appendix 1. The Company holds a 100% interest in each of the mining claims listed in Appendix 1.

## 26 ANNUAL MINERAL RESOURCES AND ORE RESERVES STATEMENT – ASX LISTING RULE 5.21

As at the date of this MD&A, no mineral resource or mineral reserve estimates for the Corvette Property have been made by the Company. BBA Inc., a multidisciplinary engineering and project development group, has been retained to complete an inaugural mineral resource estimate at the CV5 Pegmatite, as well as to carry out development studies at the Corvette Property.

# 27 APPROVAL

The content of this MD&A has been approved by the Board of Directors and the Audit Committee of the Company.
