Management's Responsibility for Financial Reporting

The unaudited condensed interim consolidated financial statements (the "Financial Statements") of Patriot Battery Metals Inc. ("the Company" or "Patriot") are the responsibility of the management and Board of Directors of the Company.

The Financial Statements have been prepared by management, on behalf of the Board of Directors, in accordance with the accounting policies disclosed in the notes to the Financial Statements. Where necessary, management has made informed judgments and estimates in accounting for transactions which were not complete at the statement of financial position date. In the opinion of management, the Financial Statements have been prepared within acceptable limits of materiality and are in accordance with International Accounting Standard 34 Interim Financial Reporting of International Financial Reporting Standards using accounting policies consistent with International Financial Reporting Standards appropriate in the circumstances.

Management has established systems of internal control over the financial reporting process, which are designed to provide reasonable assurance that relevant and reliable financial information is produced.

The Board of Directors is responsible for reviewing and approving the Financial Statements together with other financial information of the Company and for ensuring that management fulfills its financial reporting responsibilities. An Audit Committee assists the Board of Directors in fulfilling this responsibility. The Audit Committee meets with management to review the financial reporting process and the Financial Statements, together with other financial information of the Company. The Audit Committee reports its findings to the Board of Directors for its consideration in approving the Financial Statements and other financial information of the Company for issuance to the shareholders.

Management recognizes its responsibility for conducting the Company's affairs in compliance with established financial standards, and applicable laws and regulations, and for maintaining proper standards of conduct for its activities.

1. CORPORATE INFORMATION

Patriot Battery Metals Inc. was incorporated on May 10, 2007, under the British Columbia Business Corporations Act. The principal business of the Company and its subsidiaries is the identification, evaluation and acquisition of exploration and evaluation properties, as well as exploration of those properties once acquired. The Company is domiciled in Canada and is a reporting issuer in British Columbia, Alberta and Ontario. The address of its head office is Suite 700-838 W Hastings Street, Vancouver, British Columbia, V6C 0A6 and the address of its registered and records office is Suite 1800, 510 West Georgia Street, Vancouver, British Columbia, V6B 0M3. The Company's mineral properties are located in the provinces of Quebec, British Columbia, the Northwest Territories and in Idaho (USA).

On December 7, 2022, the shares of the Company commenced trading on the Australian Securities Exchange ("ASX") under the stock symbol "PMT". Each share settles in the form of CHESS Depositary Interests ("CDIs") at a ratio of 10 CDIs to 1 common share.

On December 8, 2022, the shares of the Company commenced trading on the OTC Market in the United States under the symbol "PMETF".

As at September 30, 2023, the Company has not yet determined whether its mineral properties contained ore reserves that are economically recoverable. The recoverability of amounts shown for exploration and evaluation properties is dependent upon the discovery of economically recoverable reserves, confirmation of the Company's interest in the underlying mineral claims, the ability of the Company to obtain the necessary financing to complete the development of and future profitable production from the properties or realizing proceeds from their disposition.

For the six-month period ended September 30, 2023, the Company incurred a net loss and comprehensive loss of \$468,000 (2022 – loss of 9,268,000). As at September 30, 2023, the Company had an accumulated deficit of \$23,356,000 (March 31, 2023 - \$22,885,000) which has been funded by the issuance of equity and working capital of \$123,288,000, excluding the flow-through premium liability (March 31, 2023 - \$55,357,000). The Company's ability to continue its operations and to realize its assets at their carrying values are dependent upon obtaining additional financing sufficient to cover its operating costs. The Company believes it has sufficient funds to meet its obligations and existing commitments for at least the next 12 months. The Company's business plan is dependent on raising additional funds to pursue the exploration and development of its projects, which may be completed in a number of ways, including the issuance of equity instruments or other types of financing arrangements. While the Company has been successful in securing financing in the past, there can be no assurance it will be able to do so in the future or that these sources of funding will be available to the Company or that they will be available on terms which are acceptable to the Company.

2. BASIS OF PREPARATION

2.1 Statement of compliance

The unaudited condensed interim consolidated financial statements (the "Financial Statements") of the Company, including comparative disclosure, have been prepared in accordance with International Accounting Standards ("IAS") 34 'Interim Financial Reporting' issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"), and in accordance with the same accounting policies and methods of computation as compared with the most recent annual financial statements, being for the year ended March 31, 2023.

These Financial Statements were approved and authorized for issue in accordance with a resolution from the Board of Directors on November 10, 2023.

Notes to the Condensed Interim Consolidated Financial Statements (Unaudited)
As at and for the three and six-month periods ended September 30, 2023 and 2022
(Expressed in Canadian dollars)

2.2 Basis of presentation

The Financial Statements include the accounts of the Company and Metals Nevada Corp. ("Metals Nevada"), a wholly owned US subsidiary of the Company incorporated on March 2, 2021. All material inter-company balances and transactions have been eliminated upon consolidation.

The Company's Financial Statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value, as detailed in Note 11 and are presented in Canadian dollars except where otherwise indicated. The functional currency of Metals Nevada is U.S. Dollars. The assets and liabilities of Metals Nevada are translated into Canadian dollars at the rate of exchange prevailing at the reporting date and their income and expense items are translated at average exchange rates for the period. Exchange differences arising on the translation are recognized in other comprehensive income. The Company's functional currency is the Canadian dollar.

Certain comparative amounts have been reclassified to conform with the current year's Financial Statement presentation. Such reclassifications were not considered material.

2.3 Adoption of new and revised standards and interpretation

At the date of authorization of these Financial Statements, several new, but not yet effective, Standards and amendments to existing Standards, and Interpretations have been published by the IASB. None of these Standards or amendments to existing Standards have been adopted early by the Company. Management anticipates that all relevant pronouncements will be adopted for the first period beginning on or after the effective date of the pronouncement. New Standards, amendments and Interpretations not adopted in the current year have not been disclosed as they are not expected to have a material impact on the Company's Financial Statements.

2.4 Significant accounting policies

The significant accounting policies followed in these Financial Statements are consistent with those applied in the Company's audited annual consolidated financial statements for the year ended March 31, 2023, except as noted below:

Leases

In accordance with *IFRS 16-Leases*, at the commencement date of a lease, the Company recognizes a lease liability and an asset representing the right to use the underlying asset during the lease term (i.e. the "right-of-use" asset) unless the underlying asset has a low value or the lease term is twelve months or less, which are expensed in the period incurred. At this date, the right-of-use asset is measured at cost, which includes the initial amount of the lease liability, adjusted for any lease payments made at or before the commencement date, any initial direct costs incurred and also includes an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset.

The right-of-use asset is then amortized using the straight-line method from the lease commencement date to the earlier of the end of the lease term or the end of the useful life of the asset. The right-of-use asset may also be reduced for any impairment losses, if any.

At the lease commencement date, the lease liability is measured at the present value of the future lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease, or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate, which is the rate the Company would pay for similar assets at similar locations over a similar term. The lease liability is measured at amortized cost using the effective interest method.

Notes to the Condensed Interim Consolidated Financial Statements (Unaudited)
As at and for the three and six-month periods ended September 30, 2023 and 2022
(Expressed in Canadian dollars)

2.4 Significant accounting policies (continued)

Leases (continued)

The lease liability is re-measured when there is a change in future lease payments due to a change in an index or rate, a change in the Company's estimate of an amount payable under residual value guarantee, or if there is a change in the assessment of whether the Company will exercise a purchase, termination or extension option. When the lease liability is re-measured, a corresponding adjustment is made to the right-of-use asset or recognized in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

2.5 Significant accounting judgments, estimates and assumptions

The preparation of these Financial Statements requires management to make judgments, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income, and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed by management on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future year if the revision affects both current and future year.

In preparing these Financial Statements, the significant judgments and estimates made by management in applying the Corporation's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the audited consolidated financial statements as at and for the year ended March 31, 2023.

3. CASH AND CASH EQUIVALENTS

As at September 30, 2023 and March 31, 2023, cash and cash equivalents include \$2,000,000 held in a GIC, redeemable anytime.

4. RECEIVABLES

The Company's receivables arise from Goods and Services Tax ("GST") and Quebec Sales Tax ("QST") due from the government taxation authorities, tax credit receivable and accrued interest calculated on the GICs (Note 3).

9.3 Stock options

On January 20, 2023, the Company adopted the Omnibus Incentive Plan (the "Omnibus Plan") which was later approved by the Shareholders on March 3, 2023. The Omnibus Plan replaced the Company's Stock Option Plan (the "Plan") and the stock options which had been granted thereunder are now governed by the Omnibus Plan. On September 19, 2023, the Shareholders approved an amended Omnibus Equity Incentive Plan (the "Amended Omnibus Plan"). The objective of the Amended Omnibus incentive plan is to enhance the Company's ability to attract and retain talented employees and to provide alignment of interests between such employees and the shareholders of the Company.

Under the Amended Omnibus Plan, the Company grants stock options, restricted share units ("RSU"), performance share units ("PSU") and deferred share units ("DSU").

A summary of changes in the Company's stock options outstanding as at September 30, 2023 and 2022 is as follows:

	Septembe	r 30, 2023	September	30, 2022

Outstanding, ending balance	7,901,333	4.19	8,361,670	3.05

¹Options were adjusted to reflect the share consolidation on June 7, 2021.

All stock options presented above vest immediately upon grant, other than the following:

- 2,525,000 options granted on April 5, 2022: 2,385,000 vested upon grant, with 70,000 vesting 12 months from date of grant and the remaining 70,000 vesting 24 months from date of grant;
- 750,000 options granted on January 25, 2023: 250,000 vested upon grant, with 250,000 vesting 12 months from date of grant and the remaining 250,000 vesting 24 months from date of grant.

In accordance with IFRS 2 Share-based Payment, the value of stock options with graded vesting is expensed over the vesting period. During the six-month periods ended September 30, 2023 and 2022, the Company recognized a share-based compensation expense related to the vesting of stock options of \$1,606,000 and \$9,631,000, respectively.

During the six-month period ended September 30, 2023:

The Company issued a total of 240,333 shares for options exercised, for net proceeds of \$212,000.

During the six-month period ended September 30, 2022:

The Company issued a total of 1,937,630 shares for options exercised, for net proceeds of \$885,000.

The Company granted through different grants a total of 5,275,000 stock options to officers, directors and consultants of the Company.

9.3 Stock options (continued)

The weighted average grant date fair value of the options granted during the six-month period ended September 30, 2022 was estimated at \$1.85 per option using the Black-Scholes Option Pricing Model. Where relevant, the expected life has been adjusted based on management's best estimate for the effects of historical forfeitures and behavioral considerations. Expected volatility is based on the historical share price volatility.

The weighted average assumptions used for the calculation were:

	September 30,
	2022
Share price at grant date	\$3.05
Risk free interest rate	2.93%
Expected life (years)	2
Expected volatility	132.97%

9.4 Performance share units and restricted share units

On June 29, 2023, the Company granted an aggregate of 48,002 restricted share units (the "RSUs") and 48,002 performance share units (the "PSUs") to employees and consultants of the Company. All were granted in accordance with the Company's Omnibus Equity Incentive Plan.

100% of the RSUs will vest on the date which is three years from their date of grant. Up to 72,003 common shares are issuable pursuant to the vesting of the PSUs upon the achievement of certain performance milestones by the Company.

During the six-month period ended September 30, 2023, the Company recognized a share-based compensation expense related to the vesting of PSUs and RSUs of \$133,000 (2022 - \$nil).

Loss per share, basic and diluted	(0.00)	(0.06)	(0.00)	(0.11)

¹On June 7, 2021, the Company completed a share consolidation based on one (1) post-consolidated share for every three (3) pre-consolidated shares.

The basic loss per share is computed by dividing the net loss by the weighted average number of common shares outstanding during the period. The diluted loss per share reflects the potential dilution of common share equivalents, such as outstanding stock options, and share purchase warrants, in the weighted average number of common shares outstanding during the period, if dilutive. All of the stock options and the share purchase warrants were anti-dilutive for the six-month periods ended September 30, 2023 and 2022 as the Company incurred losses during these periods.

11.2 Fair value

The fair value of financial assets and financial liabilities at amortized cost is determined in accordance with generally accepted pricing models based on discounted cash flow analysis or using prices from observable current market transactions. The Company considers that the carrying amount of all its financial assets and financial liabilities recognized at amortized cost in the financial statements approximates their fair value due to the demand nature or short-term maturity of these instruments.

The Company classifies its financial instruments measured at fair value at one of three levels according to the relative reliability of the inputs used to estimate the fair value in the fair value hierarchy.

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2: Valuation techniques using input other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);

Level 3: Valuation techniques using inputs for the asset or liability that are not based on observable market data.

As at September 30, 2023 and March 31, 2023, the carrying value of the Company's financial assets and liabilities approximate their fair values due to their nature and their short-term to maturity.

12.RELATED PARTY TRANSACTIONS

The Company's related parties include its subsidiary and key management personnel. Key management personnel are considered to be those persons having authority and responsibility for planning, directing and controlling the activities of the Company directly or indirectly.
